How to use this guide

Slow cooker (Crockpot)

Low and slow. Put everything in before work and come home to dinner. LOW is gentler, HIGH is about twice as fast.

Instant Pot / pressure cooker

Fast. "Natural release" means you leave the valve closed and let the pressure drop on its own.

My 5 golden rules

1 Fill it halfway to two-thirds.

Too empty and food dries out, too full and it won't cook evenly.

2 Don't lift the lid.

Every peek in a slow cooker adds about 15–20 minutes to the cooking time.

3 Dairy goes in at the end.

Cream, cheese and milk can split if they cook for hours. Stir them in during the last 15–30 minutes.

4 Tomatoes on top in the Instant Pot.

Thick sauces on the bottom can trigger the burn warning. Layer them on top and don't stir before cooking.

5 Herbs and garlic last.

Fresh herbs and a little raw garlic at the end make every stew taste brighter.

Good to know

Cooking times are a guide and can vary depending on your appliance and the size of your pieces.

Chicken is safe to eat at 74 °C (165 °F). Most dishes keep 3–4 days in the fridge or up to 3 months in the freezer (except the creamy ones).

RECIPE 1 OF 5

Salsa Pulled Chicken

3 ingredients · tacos, bowls & wraps

Serves 6

Prep 5 min

 Instant Pot 12 min + 10 min release

Gluten-free

Ingredients

- ☐ 900 g (2 lb) chicken breasts or thighs
- ☐ 1 jar salsa (450 g / 16 oz)
- ☐ 1 tbsp taco seasoning
- ☐ Juice of 1 lime
- ☐ Salt to taste

Slow cooker

LOW 6 h · HIGH 3–4 h

- 1 Put the chicken in the pot and sprinkle with taco seasoning.
- 2 Pour the salsa over the top.
- 3 Cook until the chicken shreds easily.

Instant Pot

12 min + 10 min release

- 1 Add ½ cup (120 ml) water to the pot, then the chicken and seasoning.
